Dr. Jenny Chang

Passion for Excellence

Dr. Jenny Chang
is PASSIONATE
about providing you

with unsurpassed dental care. By taking the time to understand your personal situation and needs, Dr. Chang is able to offer an EXCEPTIONAL EXPERIENCE and develop an INDIVIDUALIZED TREATMENT plan designed to ensure you a lifetime of healthy, natural, and radiant smiles.

A compassionate
and trusted
approach to the
absolute best
in dental care!

Welcome! If you're looking for someone to care for your dental health and provide the finest results, you've come to the right place.

In fact, many other dentists trust Dr. Chang to treat their patients who require specialized care.

Dr. Chang has earned a strong reputation for excellence by providing individualized care with state-of-the-art techniques combined with a passion for creating results that exceed expectations. It's all designed to help solve your problems while continuing to provide you with the best in life-long dental health.

It all begins by listening to your concerns and understanding your needs. During an extensive evaluation, Dr. Chang will ask about your dental health and discuss all your options. Then she will provide a customized treatment plan to correct all your dental problems. Throughout your care, Dr. Chang will educate you and keep you fully involved, thereby building a partnership to help you enjoy a lifetime of optimal dental health.

You will leave our office with
CONFIDENCE and a **SMILE!**

Extraordinary expertise in providing the perfect smile. For life.

Implant dentistry

Implant dentistry is the ideal solution for replacing missing or damaged teeth and for creating the most stable, secure dentures and bridges. With dental implants, you can eat the foods you like, express yourself with confidence and have a natural looking, attractive and functional smile for years to come.

"I have great confidence in Dr. Chang's ability. She has restored my mouth, which allows me to smile with confidence, eat corn on the cob, steak, and apples... all of which I have not been able to do for years!"

Sam Peoples

Crowns & bridges

Porcelain crowns are used to restore damaged teeth and to provide anchors for bridges to replace missing teeth. They are used to create a stronger, more functional smile with a beautiful end result.

"Dr. Chang is a superior dentist. When you meet her, you intuitively know that nothing short of perfection will do. My smile, which has caused so much pain over the course of my lifetime, has never been better!"

Dr. Jennifer Belesi

Cosmetic dentistry

Improving the look of your smile is one of the best things you can do for your self-confidence and appearance. Whether you're bothered by a single tooth or are ready for a complete smile makeover, Dr. Chang offers specialized training, skill and artistry to create results that are just right for you.

"When you walk through the front door, you feel like you are being welcomed to a friend's home. The entire staff takes special care with you as if you were family. Everyone's work is done with the utmost detail, you can feel proud of your dental health, and smile."

Phoebe Peabody-Shilling

"Restoring someone's smile is more than just fixing teeth. My goal is to enhance the health, function and beauty of my patients, to reflect their vibrant personality, and to help preserve their youthfulness. I am very fortunate to utilize my knowledge and skill in such a rewarding pursuit. I love my work and seeing the smiles on the people leaving my office each day."
